Democrats Score Roosevelt Creed

Policy Of The "New Nationalism" Is Denounced In New York Convention

ROCHESTER, N. Y., Sept. 30.—That the Democratic party in New York will make its State campaign largely against the policies advocated by Theodore Roosevelt, and that by this means it hopes to get some support from the big "interests," was made plain here today, when the convention adopted a platform that denounces Roosevelt's recently announced creed of "New Nationalism." The platform refers to this in terms of violent opposition and the colonel himself is treated without gloom.

The platform further condemns the working of the Payne-Aldrich tariff bill, which it declares is proving a failure and is being used for political purposes and to enter to the moneyed interests.

Herbert P. Bissell has been elected permanent chairman of the convention, and John A. Dix is slated for the nomination for Governor. Dix, it is understood, is the Tammany candidate. Mayor Gaynor has taken little active part in the convention and, it is said, is advising against his friends doing anything on his behalf, since he has refused the nomination.

PORTUGUESE—AMERICANS TO CAST VOTES FOR KUHIO AND ENTIRE REPUBLICAN TICKET

That the Portuguese-American voters of Oahu are almost entirely Republican in sympathy and will vote naturally they cannot favor the ticket headed by Prince Kuhio is the statement of A. D. Castro, one of the business and political leaders among the Portuguese and a member fourth district and something over two hundred in the fifth, if all registered. Registration is slow in the Puchon.

Mr. Castro thinks that while there are a good many Democrats among them, they are hard workers who have to work for the Portuguese-Americans, they are register in the evening, and some provision should be made to afford these convenient access to the registration books. I feel sure that the Portuguese-Americans will poll a very heavy vote for the Republican ticket.

Mr. Castro hopes that the next Legislature will take up plans for aiding poor and needy homesteaders, a project in which he was active at the last legislature and which he believes is of vital importance to Portuguese-American settlers. He is also an advocate of the direct primary for the entire Territory instead of Oahu alone.

"After talking with a large number of voters both in the fourth and fifth districts," said Mr. Castro this morning, "I am convinced that the great majority will be solidly Republican. With them it is not so much a choice,

KAPAA PROBLEM BUSINESS MEN NEXT WEEK MEETING TODAY

Meeting Yesterday Disposed of Number of Small Matters.

The question of the Kapaa land leases is to come before the Land Board for consideration at a meeting to be held next Wednesday, this having been decided upon by the members of the Board yesterday after the conclusion of the meeting which disposed of a number of minor problems that were pending before the Board.

Several letters were received from citizens on Maui in connection with the lands a lease to which has been asked by the Currie ranch. Some of these correspondents told the Board that they wanted to homestead a part of the lands under consideration and requested that action be deferred as far as the issuance of the lease is concerned.

Brewer and Company were granted a renewal of their lease to land at Moalua, Hawaii, the upset price being \$140 a year.

The Kawainahale Lands were brought up for consideration again on a petition that the board reconsider its action restricting the size of the lots to one-half acre. At least two acres were asked for and agreed.
